# THE ENLIGHT FESTIVALS

The Enlight Festivals are international, bilingual residential events that have become - from the first edition - a celebration of genuine encounters between students and teachers of A Course in Miracles from all over the world. The first four editions: October 2013, October 2014, April 2015 and October 2015 were held in Ibiza, with an average participation of 140 people per festival from Spain, Brazil, Colombia, Venezuela, Mexico, Argentina, Peru, United States, Canada, England, Ireland, Sweden, Austria, Denmark, Switzerland, Germany, Holland, Belgium, France, Dubai, Italy, New Zealand, Israel, Russia, South Africa and Poland. The Enlight Festivals are unique events in the world. Its design and format symbolize the loving union of many who have come from afar to renounce their differences and unite to live harmoniously. Each festival leaves the participant with the -very real- feeling that it is possible to live in peace and harmony.

Enlight comes from the Anglo-Saxon word 'enlightment', which means 'to illuminate', and in Spanish it sounds like 'in light – en luz'. Both ideas came together perfectly in the name of the festival as it seeks to bring and share the inner light of each participant and teacher and say 'YES' to life as a continuous celebration.

The 1st International and bilingual edition of the Ibiza Enlight Festival was organized from the 1<sup>st</sup> to 6<sup>th</sup> October 2013. This event brought together 120 participants and 18 teachers from 10 countries. The organization of the festival was achieved with the voluntary economic contribution of some such as the Editorial Grano de Mostaza and the company Hierbas de Ibiza.

The program of each festival offers a variety of activities ranging from yoga, meditation, theoretical classes, IntroDanza, shows and volunteering activities throughout the island.

## THE ENLIGHT FESTIVALES (cont.)

### The Vision

As seekers of peace it is the call of our heart to join and celebrate all the ways through which the Messengers of Peace teach. It is our desire to continue and extend the reference point of union and fraternity that we have already created, so that it transcends the frontier of cultures and languages. Our vehicle to achieve this is the book of Spiritual Psychology called A Course of Miracles and the Enlight Festivals.

### Our Mision

We have the mission to institute the Enlight Festivals as international annual events of meetings in favor of peace. We are committed to placing our events on the map of those who seek more than a fun vacation and want to discover the beauty and peace of a "Spiritual Vacation" with a mature audience that seeks calm, tranquility and profound transformative teachings.

As unequaled events in the world, we are committed to continue to execute them and expand our borders to reach the greatest number of people with the experience of fraternity and inner peace.
